TABLE DES MATIÈRES

N° 1

Page

Update—Le point

Immunological aspects of the prevention of viral diseases—*WHO Workshop* 1

Cécité infantile par ulcération cornéenne en Afrique: causes, prévention et traitement—*A. Foster & A. Sommer* 11

Memoranda—Mémorandums

Development of vaccines against shigellosis: Memorandum from a WHO Meeting 17

L'emploi de sondes d'ADN pour le diagnostic du paludisme: Mémorandum d'une Réunion de l'OMS 27

Research—Recherche

Comparative testing of monoclonal antibodies against *Plasmodium falciparum* sporozoites for ELISA development—*R. A. Wirtz, F. Zavala, Y. Charoenvit, G. H. Campbell, T. R. Burkot, I. Schneider, K. M. Esser, R. I. Beaudoin, & R. G. Andre* 39

Influence of route of administration on the pharmacokinetics of chloroquine and desethylchloroquine—*L. A. Salako, A. F. Aderounmu, & O. Walker* 47

Increased accumulation of chloroquine and desethylchloroquine in homozygous sickle cells—*A. U. Orjih* 51

Water-contact patterns and socioeconomic variables in the epidemiology of schistosomiasis mansoni in an endemic area in Brazil—*M. F. F. Lima e Costa, M. H. A. Magalhães, R. S. Rocha, C. M. F. Antunes, & N. Katz* 57

Brugian filariasis: 10-year follow-up study on the effectiveness of selective chemotherapy with diethylcarbamazine on Che Ju island, Republic of Korea—*J. S. Kim, B. U. No, & W. Y. Lee* 67

Application of case management to the control of acute respiratory infections in low-birth-weight infants: a feasibility study—*N. Datta, V. Kumar, L. Kumar, & S. Singhi* 77

Immune status of the population to poliovirus infection in Singapore—*K. T. Goh & S. Yamakazi* 83

Use of iron supplements in infancy: a field trial—*H. Palti, B. Adler, J. Hurvitz, D. Tamir, & S. Freier* 87

Perinatal mortality in southern Brazil: a population-based study of 7392 births—*F. C. Barros, C. G. Victora, J. P. Vaughan, & H. J. Estanislau* 95

Screening for colorectal cancer—*S. J. Winawer & D. Miller* 105

Page

WHO News and Activities—Notes et activités OMS

Man-made mineral fibres and lung cancer: the risk to workers—Global mortality from acute respiratory infections among children aged below 5 years—Drug treatment as an onchocerciasis control measure—Appropriate technology for maternal and newborn care 113

Fibres minérales artificielles et cancer du poumon: risque pour les travailleurs—Mortalité due aux infections aiguës des voies respiratoires chez les enfants de moins de cinq ans: estimations à l'échelle mondiale—Le traitement médicamenteux en tant que mesure de lutte contre l'onchocercose—Technologie appropriée aux soins maternels et néonatals 119

WHO Recent publications—Publications récentes OMS 125

N° 2

Update—Le point

Progress towards control of the acute respiratory viral diseases of childhood—*C. R. Pringle* ... 133

Radiation and health—*B. Lindell* 139

Un siècle de progrès dans la lutte contre la fièvre jaune—*P. L. J. Brès* 149

Memoranda—Mémorandums

Molecular epidemiology of influenza viruses: Memorandum from a WHO Meeting 161

Mise au point de vaccins contre les shigelloses: Mémorandum d'une Réunion de l'OMS 167

Research—Recherche

Antigenic and amino acid sequence analysis of the variants of H1N1 influenza virus in 1986—*D. J. Stevens, A. R. Douglas, J. J. Skehel, & D. C. Wiley* 177

Serological studies with influenza A(H1N1) viruses cultivated in eggs or in a canine kidney cell line (MDCK)—*J. S. Oxford, T. Corcoran, R. Knott, J. Bates, O. Bartolomei, D. Major, R. W. Newman, P. Yates, J. Robertson, R. G. Webster, & G. C. Schild* 181

Immunization with a live attenuated dengue-2-virus candidate vaccine (16681-PDK 53): clinical, immunological and biological responses in adult volunteers—*N. Bhamarapravati, S. Yoksan, T. Chayaniyayothin, S. Angsubphakorn, & A. Bunyaratvej* 189

Fréquence des rougeoles nosocomiales dans un centre de protection maternelle et infantile d'Abidjan—*M. L. Klein-Zabban, G. Foulon, C. Gaudebout, J. Badoual, & J. Assi Adou* 197

Assessing the impact of the expanded programme on immunization: the example of Indonesia—*R. Kim-Farley, T. I. Soewarso, A. Karyadi, & M. Adhyatma* 203

Potential sources of enterotoxigenic *Escherichia coli* in homes of children with diarrhoea in Thailand—*P. Echeverria, D. N. Taylor, J. Seriwatana, U. Leksomboon, W. Chaicumpa, C. Tirapat, & B. Rowe* 207

Twenty-four-hour recall, knowledge-attitude-practice questionnaires, and direct observations of sanitary practices: a comparative study—*B. F. Stanton, J. D. Clemens, K. M. A. Aziz, & M. Rahman* 217

Page

A phase-III clinical trial of mefloquine in children with chloroquine-resistant falciparum malaria in Thailand—*T. Chongsuphajaisiddhi, A. Sabchareon, P. Chantavanich, V. Singhasivanon, P. Attanath, W. H. Wernsdorfer, & U. K. Sheth* 223

Laboratory and field microassay of cholinesterases in whole blood, plasma, and erythrocytes—*W. G. Brogdon* 227

Collaborative study on antigens for immunodiagnosis of *Schistosoma japonicum* infection—*K. E. Mott, H. Dixon, C. E. Carter, E. Garcia, A. Ishii, H. Matsuda, G. Mitchell, M. Owhashi, H. Tanaka, & V. C. Tsang* 233

Malignant melanoma of the skin—*B. K. Armstrong & C. D. J. Holman* 245

WHO News and Activities—Notes et activités OMS

Research on spermiogenesis and sperm maturation—Public health aspects of oral rabies vaccines—Prevalence of ascariasis in Africa—WHO's research activities at a glance 253

Recherche sur la spermiogenèse et la maturation de spermatozoïdes—Aspects de santé publique de la vaccination antirabique par voie orale—Prévalence de l'ascaridiase en Afrique—Bref exposé des activités de recherche de l'OMS 257

WHO Recent publications—Publications récentes OMS 261

N° 3

Update—Le point

The development of novel hepatitis B vaccines—*A. J. Zuckerman* 265

Aspects immunologiques de la prévention des maladies virales—*Atelier de l'OMS* 277

Memoranda—Mémorandums

Progress in the development of influenza vaccines: Memorandum from a WHO Meeting 289

Research—Recherche

Infectivity and reactogenicity of reassortant cold-adapted influenza A/Korea/1/82 vaccines obtained from the USA and USSR—*K. G. Nicholson, D. A. J. Tyrrell, J. S. Oxford, J. Wood, G. C. Schild, C. W. Potter, R. Jennings, R. H. Michaels, & G. Appleyard* 295

Studies in the development of Japanese encephalitis vaccine: expression of virus envelope glycoprotein V3 (E) gene in yeast—*H. Fujita, H. Sumiyoshi, C. Mori, S. Manabe, M. Takagi, I. Yoshida, K. Morita, I. Fuke, K. Fukai, & A. Igarashi* 303

Measurement of mortality from neonatal tetanus in Burma—*G. Stroh, U Aye Kyu, U Thaung, & U Kyaw Lwin* 309

Causes of death in diarrhoeal diseases after rehydration therapy: an autopsy study of 140 patients in Bangladesh—*T. Butler, M. Islam, A. K. Azad, M. R. Islam, & P. Speelman* 317

Page

Estimating health service utilization, immunization coverage, and childhood mortality: a new approach in Uganda—*M. D. Malison, P. Sekeito, P. L. Henderson, R. V. Hawkins, S. I. Okware, & T. S. Jones* 325

Reduction of malaria prevalence after introduction of *Romanomermis culicivorax* (Mermithidae: Nematoda) in larval *Anopheles* habitats in Colombia—*W. Rojas, J. Northup, O. Gallo, A. E. Montoya, F. Montoya, M. Restrepo, G. Nimnich, M. Arango, & M. Echavarria* 331

Antibodies to Pf155, a major antigen of *Plasmodium falciparum*: seroepidemiological studies in Haiti—*P. Deloron, Y. T. Duverseau, A. Zevallos-Ipenza, R. Magloire, P. S. Stanfill, & P. Nguyen-Dinh* 339

Evaluation of an *in vitro* test method for the assessment of sensitivity of *Plasmodium falciparum* to pyrimethamine and sulfadoxine—*A. Sabchareon, T. Chongsuphajaisiddhi, P. Attanath, B. Meemanee, & W. Wernsdorfer* 345

Single-dose kinetics of mefloquine in Brazilian male subjects—*J. M. de Souza, P. Heizmann, & D. E. Schwartz* 353

A phase II/III double-blind, dose-finding clinical trial of a combination of mefloquine, sulfadoxine, and pyrimethamine (Fansimef) in falciparum malaria—*J. M. de Souza, U. K. Sheth, W. H. Wernsdorfer, P. I. Trigg, & E. B. Doberstyn* 357

Mefloquine, sulfadoxine, and pyrimethamine in the treatment of symptomatic falciparum malaria: a double-blind trial for determining the most effective dose—*T. Harinasuta, D. Bunnag, S. Vanijanond, P. Charoenlarp, P. Suntharasmai, S. Chitamas, U. K. Sheth, & W. H. Wernsdorfer* 363

A double-blind trial of a fixed combination of mefloquine plus sulfadoxine–pyrimethamine compared with sulfadoxine–pyrimethamine alone in symptomatic falciparum malaria—*J. M. K. Ekue, D. E. D. Phiri, U. K. Sheth, & M. Mukunyandela* 369

The efficiency of sporozoite transmission in the human malarias, *Plasmodium falciparum* and *P. vivax*—*T. R. Burkot, P. M. Graves, J. A. Cattan, R. A. Wirtz, & F. D. Gibson* 375

Chloroquine resistance of *Plasmodium berghei*: biochemical basis and countermeasures—*R. I. Salganik, T. G. Pankova, T. V. Chekhonadskikh, & T. M. Igonina* 381

Suppression of the chloroquine resistance of *Plasmodium berghei* by treatment of infected mice with a microsomal monooxygenase inhibitor—*S. A. Rabinovich, I. M. Kulikovskaya, E. V. Maksakovskaya, T. V. Checkhonadskikh, T. G. Pankova, & R. I. Salganik* 387

Breast self-examination for the early detection of breast cancer: a USSR/WHO controlled trial in Leningrad—*V. F. Semiglazov & V. M. Moiseenko* 391

Reviews—Analyses

Infections associated with milk and dairy products in Europe and North America, 1980–85—*J. C. M. Sharp* 397

WHO News and Activities—Notes et activités OMS

Quality assurance in haematology—Control of viral hepatitis—Smoking: worldwide trends and their implications—Task Force on Methods for the Natural Regulation of Fertility—Safety of continuous cell lines for producing biologicals 407

Assurance de la qualité en hématologie—Lutte contre l'hépatite virale—Tabagisme: tendances mondiales et implications—Groupe spécial OMS sur les méthodes de planification familiale naturelle—Sécurité des lignées cellulaires continues pour la production de substances biologiques 413

Page

WHO Recent publications—Publications récentes OMS 419

N° 4

Update—Le point

Smallpox and its post-eradication surveillance—*Z. Jezek, L. N. Khodakevich, & J. F. Wickett* 425

Progrès de la lutte contre les viroses respiratoires aiguës de l'enfant—*C. R. Pringle* 435

Rayonnements et santé—*B. Lindell* 441

Memoranda—Mémorandums

Immunology of HIV infection and AIDS: Memorandum from a WHO/IUIS Meeting 453

Progrès relatifs à la mise au point des vaccins antigrippaux: Mémorandum d'une Réunion de l'OMS 465

Epidémiologie moléculaire des virus grippaux: Mémorandum d'une Réunion de l'OMS 471

Research—Recherche

A simple system for the assessment of trachoma and its complications—*B. Thylefors, C. R. Dawson, B. R. Jones, S. K. West, & H. R. Taylor* 477

Trachoma: evaluation of a new grading scheme in the United Republic of Tanzania—*H. R. Taylor, S. K. West, S. Katala, & A. Foster* 485

A collaborative study of an experimental kit for rapid rabies enzyme immunodiagnosis (RREID)—*P. Perrin & P. Sureau* 489

Oral poliovirus vaccine in tropical Africa: greater impact on incidence of paralytic disease than expected from coverage surveys and seroconversion rates—*D. L. Heymann, K. Murphy, M. Brigaud, M. Aymard, A. Tembon, & G. K. Maben* 495

Control of *Aedes aegypti* larvae in household water containers by Chinese catfish—*Wu Neng, Wang Shusen, Han Guangxin, Xu Rongman, Tang Guangkun, & Qian Chen* 503

Hydatidiform mole in China: a preliminary survey of incidence on more than three million women—*Song Hong-Zhao & Wu Pao-Chen* 507

Bladder cancer: approaches to prevention and control—*V. Koroltchouk, K. Stanley, J. Stjernswärd, & K. Mott* 513

Survey of acute pesticide poisoning among agricultural workers in four Asian countries—*J. Jeyaratnam, K. C. Lun, & W. O. Phoon* 521

Validity of clinic-based nutritional surveillance for prevalence estimation of undernutrition—*M. K. Serdula, D. Herman, D. F. Williamson, N. J. Binkin, J. M. Aphane, & F. Trowbridge* 529

Reviews—Analyses

Principles and lessons from the smallpox eradication programme—*D. A. Henderson* 535

Page

WHO News and Activities—Notes et activités OMS

Recovery of normal sperm production after gossypol treatment: a two-centre study in China—Value of IUDs—The first enzyme-linked immunosorbent assay (ELISA) for *in vitro* potency testing of adjuvanted rabies vaccines—Vector control guides for student and practising entomologists 547

Retour à une spermatogenèse normale après traitement par le gossypol: étude bicentrique en Chine—Intérêt du DIU—La première méthode de titrage immuno-enzymatique (ELISA) applicable à la détermination *in vitro* de l'activité des vaccins antirabiques adjuvés—Série Lutte antivectorielle: guides à l'usage des étudiants en entomologie et des entomologistes 551

WHO Recent publications—Publications récentes OMS 557

N° 5

Update—Le point

Public health significance of intestinal parasitic infections—*WHO Expert Committee* 575

La variole et la surveillance après éradication—*Z. Ježek, L. N. Khodakevich, & J. F. Wickett* .. 589

Memoranda—Mémorandums

Third meeting of the WHO Collaborating Centres on AIDS: Memorandum from a WHO Meeting 601

Research—Recherche

Absence of association between *Plasmodium falciparum* malaria and human immunodeficiency virus infection in children in Kinshasa, Zaire—*P. Nguyen-Dinh, A. E. Greenberg, J. M. Mann, N. Kabote, H. Francis, R. L. Colebunders, A. Y. Huong, T. C. Quinn, F. Davachi, B. Lyamba, K. Kalemba & B. Embonga* 607

Colorimetric and thin-layer chromatographic methods for field assay of chloroquine and its metabolites in urine—*D. L. Mount, L. C. Patchen, S. B. Williams, & F. C. Churchill* 615

Therapeutic action of MK-436 (2,5-nitroimidazole) on *Trypanosoma cruzi* infections in mice: a parasitological, serological, histopathological, and ultrastructural study—*S. G. Andrade, R. C. Silva, C. M. G. Santiago, & L. A. R. Freitas* 625

A prospective survey of the outcome of pregnancy in a rural area of the Gambia—*A. M. Greenwood, B. M. Greenwood, A. K. Bradley, K. Williams, F. C. Shenton, S. Tulloch, P. Byass, & F. S. J. Oldfield* 635

Fatal parathion poisoning in Sierra Leone—*R. A. Etzel, D. N. Forthal, R. H. Hill, Jr., & A. Demby* 645

Better health data with a portable microcomputer at the periphery: an anthropometric survey in Cape Verde—*P. Reitmaier, A. Dupret, & W. A. M. Cutting* 651

Survival of insects in the wheel bays of a Boeing 747B aircraft on flights between tropical and temperate airports—*R. C. Russell* 659

Page

Reviews—Analyses

Determinants of low birth weight: methodological assessment and meta-analysis—*M. S. Kramer* 663

WHO News and Activities—Notes et activités OMS

International travel and HIV infection—World malaria situation 1985—After Chernobyl: monitoring the health of the exposed populations—A new anopheline species from Oman—Food safety 739

Les voyages internationaux et l'infection à VIH—Situation du paludisme dans le monde en 1985—Après Tchernobyl: surveillance de l'état sanitaire des populations exposées—Nouvelle espèce d'anophèles en Oman—La securité des produits alimentaires 749

WHO Recent publications—Publications récentes OMS 759

N° 6

Update—Le point

Streptococcal diseases worldwide: present status and prospects—*J. Rotta & E. Tikhomirov* 769

Development of immunological methods of fertility regulation—*J. Spieler* 779

Mise au point de nouveaux vaccins anti-hépatite B—*A. J. Zuckerman* 785

Memoranda — Mémorandums

The epidemiology of drug resistance of malaria parasites: Memorandum from a WHO Meeting 797

Genital human papillomavirus infections and cancer: Memorandum from a WHO Meeting 817

Troisième réunion des centres collaborateurs OMS sur le SIDA: Mémorandum d'une Réunion de l'OMS 829

Research—Recherche

The case for global eradication of poliomyelitis—*A. R. Hinman, W. H. Foege, C. A. de Quadros, P. A. Patriarca, W. A. Orenstein, & E. W. Brink* 835

Immunization coverage in Italy—*S. Salmaso, M. A. Stazi, S. Luzi, & D. Greco* 841

Immunization coverage surveys: methodological studies in Indonesia—*S. K. Lwanga & N. Abiprojo* 847

Investigation of a possible yellow fever epidemic and serosurvey for flavivirus infections in northern Cameroon, 1984—*T. F. Tsai, J. S. Lazuick, R. W. Ngah, P. C. Mafiamba, G. Quincke, & T. P. Monath* 855

Association of meningococcal serogroups with the course of disease in the Netherlands, 1959–1983—*L. Spanjaard, P. Bol, S. de Marie, & H. C. Zanen* 861

Page

Reduction in incidence and prevalence of *Plasmodium falciparum* in under-5-year-old children by permethrin impregnation of mosquito nets—*P. M. Graves, B. J. Brabin, J. D. Charlwood, T. R. Burkot, J. A. Cattani, M. Ginny, J. Paino, F. D. Gibson, & M. P. Alpers* 869

Chloroquine and desethylchloroquine concentrations during regular long-term malaria prophylaxis—*L. Rombo, Y. Bergqvist, & U. Hellgren* 879

In vivo response of *Plasmodium falciparum* to chloroquine in pregnant and non-pregnant women in Siaya District, Kenya—*R. W. Steketee, A. D. Brandling-Bennett, D. C. O. Kaseje, I. K. Schwartz, & F. C. Churchill* 885

Malaria on the Thai-Burmese border: treatment of 5192 patients with mefloquine–sulfadoxine–pyrimethamine—*F. Nosten, S. Imvithaya, M. Vincenti, G. Delmas, G. Lebihan, B. Hausler, & N. White* 891

Diabetes registries in Asia—*Diabetes Epidemiology Research International Registry Group* 897

Reviews — Analyses

HIV infection and routine childhood immunization: a review—*C. J. Clements, C. F. von Reyn, & J. M. Mann* 905

Psychology and health: contributions of psychology to the improvement of health and health care—*W. H. Holtzman, R. I. Evans, S. Kennedy, & I. Iscoe* 913

WHO News and Activities — Notes et activités OMS

DL-α-Difluoromethylornithine (DFMO): an experimental drug against late-stage trypanosomiasis—Diagnosis of bacterial diseases—Transfer of technology for rabies vaccine production: new strains available for Vero and BHK cell cultures—Diagnosis, treatment, and prevention of anthrax—Prevention of blindness 937

La DL-α-difluorométhylornithine (DFMO): un médicament expérimental pour le traitement de la trypanosomiase au stade tardif—Diagnostic des maladies bactériennes—Transfert de technologie pour la production de vaccins antirabiques: nouvelles souches disponibles pour les cultures de cellules Vero et BHK—Diagnostic, traitement et prévention du charbon—Prévention de la cécité 943

WHO Recent publications — Publications récentes OMS 949
